RECYCLING WEEK

Everyone was extremely busy during our Recycling Week. Every class has been out collecting rubbish, thank you to Keep Wales Tidy for the loan of the equipment. We also had a visit from the recycling team who bought a lorry to school. Pupils have been very creative using rubbish from their recycling bins and have been learning about the importance of recycling.

BONT BERMO

We have received a very special gift from the Alun Griffiths team working on the bridge; a piece of the metal work from the old bridge which they have made into the shape of Barmouth Bridge. We had a whole school question and answer session with the team.
